

RADO SERVICE PRICE LIST SOUTH KOREA
COMPLETE MAINTENANCE SERVICE / OVERHAUL

The complete maintenance service for a watch involves a basic overhaul by a specialist including the following:

- The movement is replaced or undergoes a total and traditional overhaul; incl. replacement of the needed parts.
- The case and the bracelet - if possible - are cleaned in an ultrasonic bath.
- The watch is made water-resistant and tested.
- Gaskets, crown or the gasket on the winding stem are replaced.
- For quartz watches: the battery is replaced.
- The watch and the movement are tested for proper functioning and the gears adjusted to Rado quality standards.
- A final technical and aesthetic check is carried out.

Service Warranty

The service warranty is valid for 24 months and only applies to the work carried out and the spare parts used on this occasion.

The following are not covered by the service warranty: lifetime of the battery, normal wear and tear caused by wearing the watch and/or ageing of the leather or rubber bracelet, damage to the sapphire glass (breakage or splintering), all damage due to improper handling, accidents or lack of care as well as damaged caused by external influences.

The service warranty will no longer apply if the watch is manipulated by persons who are not authorised by Rado Watch Co. Ltd. to carry out the corresponding work.
